## repellent technology

Insect Shield<sup>®</sup> Repellent Apparel and Insect Shield<sup>®</sup> Repellent Gear are revolutionary products designed to provide long-lasting, effective and convenient personal insect protection. Insect Shield apparel and gear, such as mosquito repellent clothing, work wear clothing, bug repellent blanket and more, combine the Insect Shield process with a proprietary formulation of the insect repellent permethrin—resulting in effective, odorless insect protection that lasts the expected lifetime of the product, repelling mosquitoes, ticks, flies and fleas.
